

## Candidate Motivation Letter

Name of Candidate: Brigitte Wolff

Chapter: Shanghai

Position: Local Board Member

## Motivation Letter

### Please insert text (not more than 300 words)

After 18 years of running companies in Management Consulting and HR Consulting in China, as well as serving 9 years as a board member of the German Chamber Shanghai, I would like to contribute significantly more to the dialogue and cooperation between Chinese and Europeans in China. With the Brexit ahead and a shift of global powers, Europe faces a lot of challenges. Particularly the cooperation with our host country enters a new era. My motivation to become a candidate for the European Chamber election is to support the EUCCC in their important work here in China. The annual position paper has a high acceptance and respect, this I want to support and further develop. The dialogue with our host country is also very important to me. I would like to contribute with my personal contacts to further continue the already many -fold and established relationships and fruitful discussions. As well the cooperation and exchange with Chinese Companies investing in Europe seems to be a very important undertaking for us Europeans in China. This is why I decided to run for the 2017 EUCCC elections and ask politely for your vote.

## Biography

### Please insert text (not more than 250 words)

In 2015 I joined international Interim and Transition Management Agency E.I.M. Excellence in Management in their Shanghai office, being responsible for the China, ASEAN and Indian business. Under the set-up of Eight Dragons Limited - PE the investment and my advisory board mandates are executed.

Before E.I.M. I joined World- renowned management consulting firm Booz & Company through its merger with ME, which later changed the name to PwC Strategy&

With almost 18 years of China business experience as a consultant with focus on technology driven industries such as machinery, automotive and chemistry ( e. g. Chemistry in automotive) and a true

networker and door opener I now contribute to the success of E.I.M. in Asia.

Before I worked for Management Engineers Consulting Company (ME) as MD and Legal Representative, as well as regional partner in operations and strategic consulting, after my company Abacus Corporation merged with ME in 2007.

Since 2008 I also have served as a board member of the German Chamber in Shanghai.

I hold a Master of Engineering degree ( Diploma Engineer) from No 1 German University: TU Munich
