## About **Logistics Plus** ⊕

The **Logistics Plus** ⊕ is an event series created by the Logistics Working Group in Beijing in 2015. This initiative features a number of industry-focused events, which aims to bring together the logistics industry professionals to exchange ideas about relevant policies, share best practices, and discuss issues relevant to logistics sector. This initiative is created to supplement regular working group meetings and further strengthen the programming of working group portfolios.

Unlike the Working Group meetings which open exclusively to working group members, the **Logistics Plus** ⊕ events open to the general public and offer members a discounted rate.

The topics of **Logistics Plus** ⊕ events are driven by the Logistics Working Group in Beijing. If you are interested in getting involved with the “**Logistics Plus** ⊕”, please contact Ink Zheng, the working group coordinator, at [izheng@european-chamber.com.cn](mailto:izheng@european-chamber.com.cn) for details.
