

## **Candidate Motivation Letter**

Name of Candidate: Mr. BLAKE Fabian Chapter: European Union Chamber of Commerce South China Position: Vice-Chair of the Board of Directors

## **Motivation Letter**

## Dear Election Committee,

I would be delighted in being granted the chance to participate into the elections for the board of the European Chamber of Commerce in South China. I took great pleasure to assume the position of Vice-Chair of the Board of Directors between 2021 and 2023 and would want to ensure continuity in what we have been doing with other members of the board in the last two years.

South China has been my area of operation for 15 years now, and I see a lot of potential being made possible for investment and further development of European Business. It requires however to firmly advocate and extend the expectation of our member companies to the competent local authorities and within the community. A great deal of work has been achieved in such sense but I also see that more can be done in a future terms since our message and respective responsibilities amongst the board members get sharper and sharper.

## **Biography**

Fabian Blake, is a Belgian National and currently holding the position of Managing Director of AMS Assembly Foshan, a fully Dutch-owned company registered in the Pearl River Delta and offering Manufacturing services in South China since 2003. Fabian has lived and work in China since 2008. In these 14 years spent exclusively in South China, he has contributed to the operational development of large corporations such as Eternit and managed much smaller Chinese business units active in Engineering services offering added value services to European customers. AMS Group currently employs 90 employees, out of which 80 are located in our facilities of Foshan and ShenZhen. AMS Group is active in the development, manufacturing and assembly of connected devices. Our customers are mostly located in Europe. Fabian has also taken the role of a Member of the board in the Benelux Chamber of commerce between 2013 and 2016.
