## **Motivation Letter**

Dear Members of the European Chamber of Commerce,  
I am honored to be a nominee for the Chairman of the European Chamber of Commerce Board in Shenyang.

I have been working in Shenyang now for nearly 5 years preparing and successfully executing the opening of the Conrad Shenyang, a 5-star luxury Hotel of the Hilton group of hotels.

In my capacity as the General Manager, besides being fully responsible for the day-to-day hotel operation, I have been working with our Corporate Marketing Department, Hilton Worldwide Sales and our local Commercial Department to promote Shenyang as a destination nationally and internationally via various channels and media.

I wish to contribute more to the community of the European Chamber of Commerce and the City by leading the European Chamber of Commerce Shenyang Chapter as the Chairman and commit to actively promoting the membership to other European Companies.

I am committed to work passionately with the board to the benefit of the entire European Chamber Community in case I am accepted to become the Chairman.

Yours sincerely,  
Erich Kaiserseder
