## **Motivation Letter - EUCC Treasurer**

It is my pleasure to apply for the position as Treasurer for European Union Chamber of Commerce in China. I have been in China for the past 10 years in different roles for Sandvik Group and most recently I have been working as CFO and Country Officer. During this time, I have had the opportunity so obtain extensive local business experience across various functions and industries. It has also given me a wide perspective on needs and requirements which are needed to support operations of European companies in China.

By applying for the position of EUCC Treasurer, I will be offering both professional capabilities and my long experience from China operations to support EUCC activities. I believe my good in-depth understanding of issues and needs are well fitted to benefit EUCC operations through this role. Furthermore, I see possibilities to contribute through active participation within Finance working group and facilitating networking among members and stakeholders.

I'm looking forward to working closely with EUCC and taking a more active supporting role in the EUCC in China in role of Treasurer.
