Motivation Letter

Dear EUCCC Member,

I'm writing this letter in order to express my deepest interest in applying for the position of Board member at the the European Chamber South China Chapter, as i believe to be a perfect candidate. in fact, I believe that, by covering this position, my experiences and skills will contribute to the combination of our mutual interest.

For more than 3 decades I have dedicated myself into the field of trade and was in a managerial position since the age of 25.

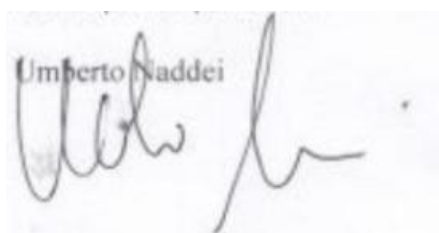

During my 21 years in China, I have lived in various cites, smaller and bigger, poorer, and richer. I met many people who later became irreparable in my live.

A healthier and mutually beneficial trade relation for not only huge multinational companies but also EUCCC could potentially bring us closer to the goal of having economic development in small regional areas.

I am convinced that my expedience will be of great benefit to the EUCCC South China Chapter and I will add to the pool of diverse talents of our governance.

If elected, I commit to listen to your expectations as member of the EUCCC, and to work to the best of my ability to ensure that those expectations find appropriate representation in the actions of the Board of the EUCCC South China Chapter

I thank you for your vote!
