

WE ARE HIRING!

# CONSULTANT FOCUS PM

Beijing, China

## ABOUT YOUR OPPORTUNITY

- Be a key driver for the successful delivery of our client – a German automotive production JV.
- Develop an efficient working model to handle core projects task like roadmap and milestone planning, requirement & timeline management as well as task tracking.
- Shape the project and bring in your perspective, e.g. with a smart breakdown of suitable working packages and streams.
- Act as the center of an efficient intercultural communication hub within your project, conduct project meetings and top management sessions.
- Become a real partner of our client and play an important role in achieving joint strategic goals.
- Introduce and live the Ventum China core attributes: Results, no excuses – demanding, but fun.
- Build and develop your, our client's and Ventum's capability to stay ahead of the industry and create

## OUR REQUIREMENTS

- Bachelor/Master's degree with major in Business/Mechanical/Automotive Engineering or equivalent
- At least 3 years' experience working in Automotive industry
- Ability to focus on details as well as recognize structures and patterns
- Experience/knowledge related to customer service and support
- Excellent communications skills
- Self-driven with intrinsic motivation and autonomous thinking
- Strong team player with the ability to work in multi-cultural environments
- Fluency in English and Chinese
- Strong Microsoft Office skills, particularly Excel and PowerPoint
- Willingness to travel

*We are looking for a dedicated team player, with positive personality, creative thinking and that can think out of the box.*

## WHAT WE OFFER

- Agile start-up environment and high degree of self-fulfillment
- Interdisciplinary teams within a value-driven company
- Projects with international big players and emerging technologies
- A clear career path with transparent promotion requirements
- Personal impact: you will shape Ventum with us!
